Linear LED Flex Customized

DAlighting

Model: DHL-998080F Flex Customized

Compliant CE & Energy Star

Features

- Aluminum Structure
- High performance LEDs with controlled Color consistency and Uniformity
- High-efficiency with accurate light dissipation and modular design
- High quality aluminum heat sink for optimized thermal path.
- Anti-Corrosion, Anti-UV
- System light Efficiency 85%
- Warranty: 5 years

Specification

Specification	
Model#	**DHL-998080F**
Color Temperature (CCT)	4000k
Dimensions (mm)	Flex Profile 80mm x 80mm
Color Rendering index (CRI)	>80
Power Consumption	40w / m
Power Factor	>0.9
Material	Aluminium
AC Input	240vAC
Body Color	White/Black
Light Beam Angle	110°

Benefits

- Extra Long Life More than 50,000 hours
- Reduced energy Consumption &
- Lower maintenance costs
- Virtually no heat or UV output
- No Mercury & Resistant to Shock and vibration
